

## Our appeal

The Roman Order is called to pass on the message of Our Lady of Reparation. In the wake of Lourdes, we are asked to do much penance for the salvation of sinners. In this way, many souls can be won to Heaven.

Our Lady also awaits her dogma of Co-Redemptrix as the fifth jewel in her heavenly crown, as she requested in Amsterdam. We wish to convey this message so that the Pope will affirm this dogma in honour of our Mother.

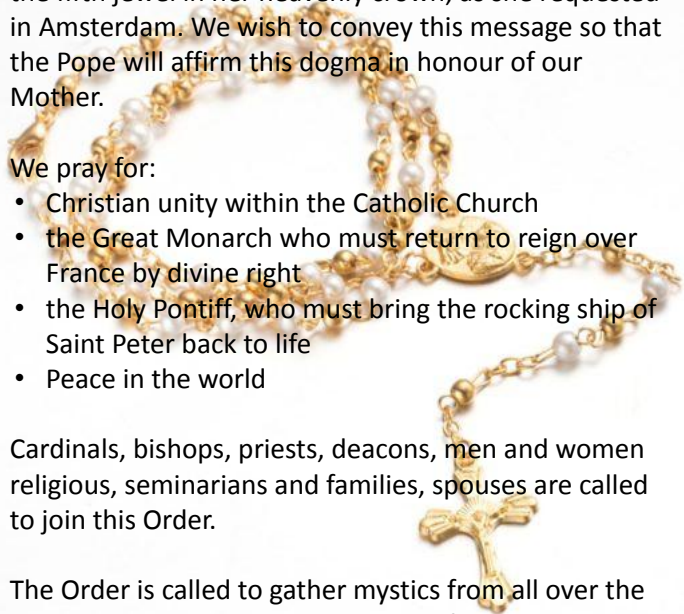

We pray for:

- Christian unity within the Catholic Church
- the Great Monarch who must return to reign over France by divine right
- the Holy Pontiff, who must bring the rocking ship of Saint Peter back to life
- Peace in the world

Cardinals, bishops, priests, deacons, men and women religious, seminarians and families, spouses are called to join this Order.

The Order is called to gather mystics from all over the world under the same banner, that of Christ.

Come and discover us!

## Our commitments

Since "Messire Dieu premier servi", we commit ourselves to carrying out what Heaven has asked of France or of the Church:

The consecration of Russia to the Immaculate Heart requested at Fatima in 1917.

The consecration of France to the Sacred Heart asked of Saint Margaret Mary in 1689.

Then we hold our rosary as children consecrated to our Mother and recite the Office of Reparation to respond to Heaven's requests.

In the continuity of the apparitions of Lourdes (pray, pray, penance for sinners), Fatima (cord of reparation), and the invitation of Saint John Paul II to rediscover the deepest meaning of expiation, the message given by Our Lady to the Roman Order is also that of reparation. Many mystics also receive this main theme in their message

We want the re-establishment of the traditional faith taught by the Church of old, with the great rogations, pilgrimages and processions in honour of Jesus, Mary and all the saints.

Finally, we want to prepare for the return of the Great Monarch by revitalising hearts around the covenant of the baptismal font, the true birth of France, and around the consecration to the Sacred Heart and prepare for the recognition of the Holy Pontiff to come.

## Roman Order of Mary Queen of France

## Why the Roman Order?

- A prophecy by Saint Vincent Ferrer announces that a religious order will be founded at the end of time. It will allow other orders to take refuge there like Noah's Ark and will bring back peace.
- The Great Monarch and the Holy Pope would be part of it and would work to save France and the Church with the help of Heaven.
- The Roman Order is dedicated to Our Lady because it was she who asked the founder to create it. Her wish was to bring together mystics, bishops, priests and all the faithful in order to unite the Christian people.
- It will also be the sword against the Antichrist, who will have to face the raging army. It will be the bulwark that God has chosen to protect the world.

## Who founded it?

- Fatherless in early childhood. Mystical from the age of 5 and his meeting with the Angel of Mercy, then at 8 with Our Lady.
- Rejected by his family, he dedicated his life to God. As a young man, he preferred adoration to recreation.
- When he returned to the Dominicans, the Lord told him that he should not stay there because of his mission.
- Consecrated as a priest and then bishop, by Heaven and then by the Catholic Church, he witnessed a Eucharistic miracle and supernatural signs on a statue of Our Lady of Manduria.
- He went into exile after accepting his mission and receiving death threats, but returned to carry out his mission when Heaven commanded him to do so.
